Osamu Shirota,* Kumi Nagamatsu, and Setsuko Sekita:
Neo-clerodane Diterpenes from the Hallucinogenic Sage *Salvia divi
norum. 

Page 1782, abstract, lines 1 and 2, the same page, Results and Discussion, left column, line 12, and page 1786, left column, line 9: Divinorin F (8) should be corrected as divinatorin F (8). The authors apologize for any inconvenience caused by these errors.

Page 1782, left column, line 6 from the bottom: Caffate should be corrected as caffeate.

Page 1782, right column, line 3: The molecular formula of compounds 2 and 3 should be corrected as C_{23}H_{28}O_{10}.

Page 1783, right column, line 7: The molecular formula of compound 6 should be corrected as C_{21}H_{26}O_{7}.

Page 1783, right column, lines 2 and 3 from the bottom: Acetal should be corrected as hemiacetal.

Although one of the reported compounds, salvinorin H (6), was isolated for the first time from natural resources, the preparation and characterization data were reported previously in ref 13.
